COMMENT:

1. Further to reference memo, we attach results of further SCI Unit Z, Genova, investigation. Attention is directed to Para 9 of attachment, which provides specific information on 18 Frenchmen, many of whom "wanted" collaborators (photographs also attached), who are candidates for the emigration program. We consider this information as confirmation of the views expressed by this Unit at Para 3 of cover memo to reference report, regarding the future security threat in South America which is implicit in this Church-sponsored project.
